- 3 Battery Cover

How to Use the Product

After installing the battery in the main body of the all-in-one microphone, turn on the power and use the product.

The compatible battery is 18650 Li-ion type one that has a built-in protection circuit.

If the low-battery lamp is on, recharge the battery with an external charger before using them.

Proper Use of the Product

Keep a suitable distance between the sound pick up part of the microphone and your mouth during use.

Do not cover the mesh of the microphone with your hand when using the microphone.

Do not place the speaker part of the microphone higher than necessary.

Do not use the speaker part of the microphone in a place near a table.

Feedback may occur when using the product in a place with heavy reflection properties or in a small place.

Product Warranty

The warranty period is one year from the date of purchase. Product malfunction or damage caused by user mistake may be excluded from our free product warranty and is subject to an extra charge for repair.

Cautions

Please make sure to fully understand the user manual before using the product.

Use with caution since feedback may occur when using the product in a small place.

Beware that using the speaker near the ears of other person may cause hearing damage.

For user safety, use a rechargeable and replaceable battery with a built-in protection circuit.

If the product has been exposed to an environment with high humidity, dry it under a well-ventilated shade.

Use an external charger and compatible battery with a built-in protection circuit.

Separate the batteries installed for product protection when not in use for a long period of time.

Do not arbitrarily disassemble the product. Otherwise it may cause a product malfunction. Contact our customer service center if necessary.

Product Specifications

Product Name: MICKER (all-in-one microphone device)

Model Name: MK-05W

Frequency Response: 300~15KHz + 2dB

Size & Weight (with battery): (H)250mm, (W)300g

Battery life: 6 hours based on 2600mAh battery

Compatible Battery Charger: 18650 Li-ion type chargers

Components: Body, Pouch and Strap
